Session 2

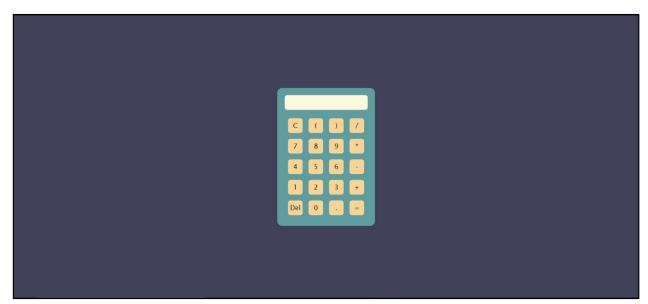

Task 1:

Create a webpage with a cover background image, and a small square containing some text. For example:

Task 2:

Create a webpage which contains a style of a calculator and design it as you like, it is up to your creativity. For example:

Deliverables:

Make the 2 tasks in separate folders (Task 1 folder, and Task2 folder), each folder contains the HTML files, and a folder for images. Both Task 1 folder, and Task2 folder should be inside a folder named "Assignment 2".

ZIP Assignment 2 folder and submit it in the classroom.
